U.S. Ambassador to Denmark
"Retarded Piece of Garbage!"

[Victim 1]

(Minnesota Vikings / South Dakota Danish heritage)
(probably)

1) Do you solemnly swear to uphold the Constitution and use this position to help the United States seize Greenland and have the upper hand over Denmark at all costs?

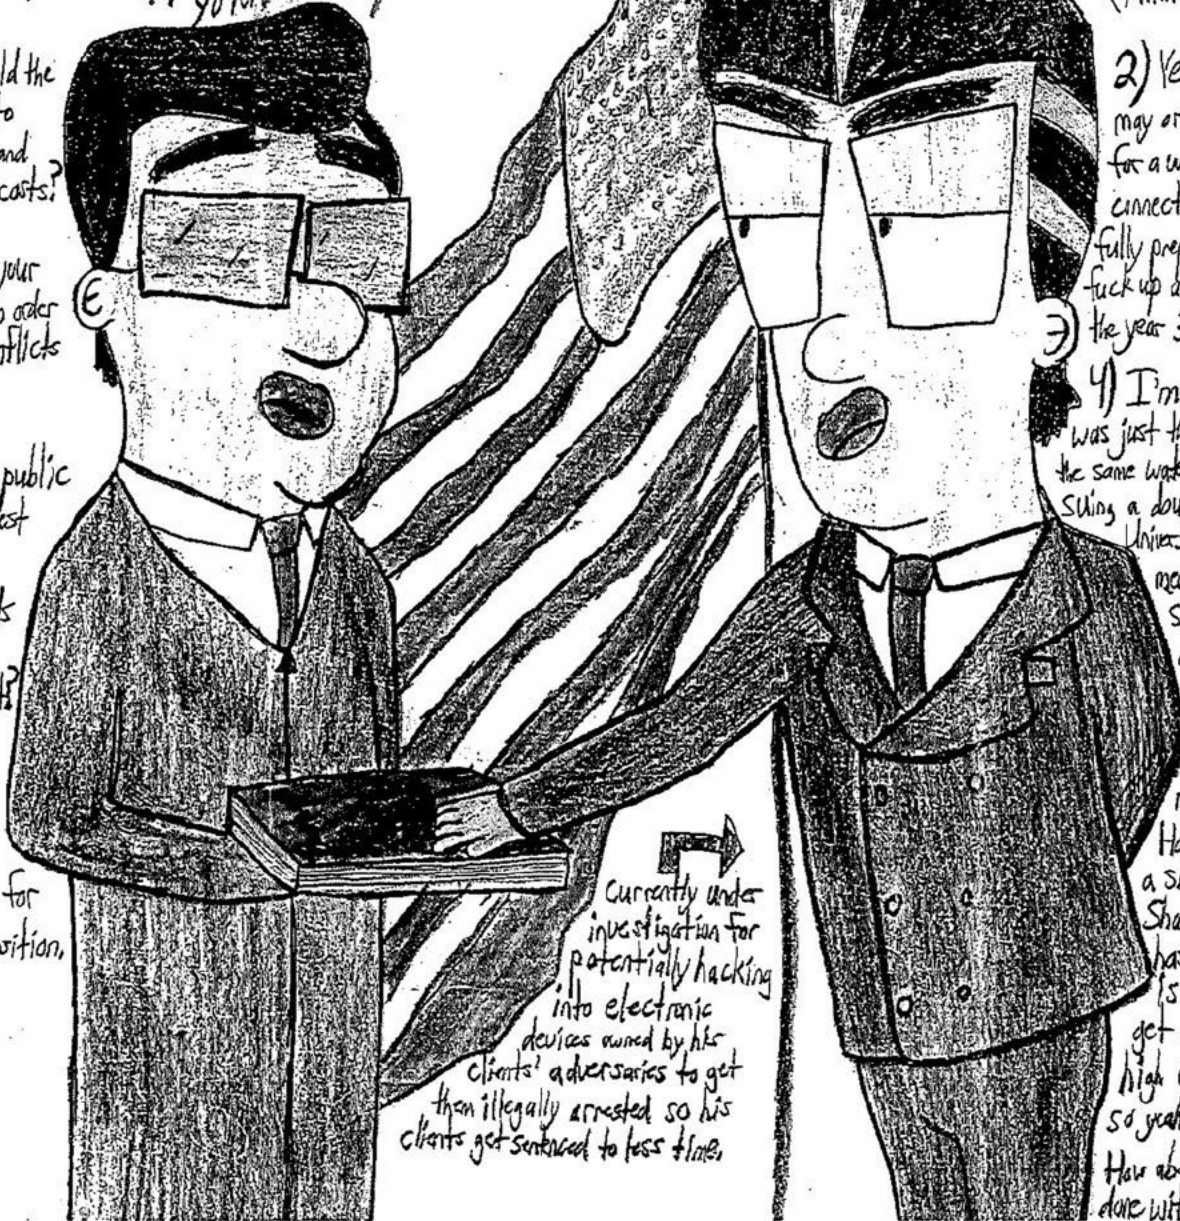

2) Are you prepared to shut down your overpriced private firm's law services in order to fulfill this mission without any conflicts of interest?

3) Are you only attempting to hold public office so it will become illegal to arrest you since there's digital footprint evidence of you using violent fight words at innocent keyboard warriors 1000 miles away from you who you never fucking meet?

7) I Plead The Fifth.

Don't let Dr. Leidenkilefrost call you delusional and grandiose for pursuing the Ambassador to Denmark position.

Peter Gray's maternal half brother
U.S. Appeals Court Judge
John Dwayne Sinatra

Currently under investigation for potentially hacking into electronic devices owned by his clients' adversaries to get them illegally arrested so his clients get sentenced to less time.

2) Yes I do, Nathan Leaver of Ohio and I may or may not have been speaking as Disord for a while now about using his weapons connections to help everyone in my vicinity be fully prepared to get the Danish people to shut the fuck up and accept the United States of Earth by the year 3000 as predicted by Futurama.

4) I'm handing it over to the Birrells since I was just the junior lawyer down the hall from them sharing the same water cooler and urinal with them, I just finished suing a douchebag piece of shit psychologist from the University of Buffalo named Dr. Leidenkilefrost for medical malpractice based on his testimony alone so I could get hired from ECMC and UB and make him go the way of Dr. Fauci.

6) Absolutely, Sylvia Browne said Covid comes back in 2030 and it will never come back again. Someone from Hampstead, NC who gets his rocks off wearing a shemagh scarf out in public calling it Gay Shariah Law/only his husband can see his face has a friend named Elexa saying she is a starseed from the Melades and she will get murdered in 2030. All signs point to high Covid crime once again in 2030 so yeah this is what we're doing in 2020. How about you John? How much heroin have you done with your maternal half brother Peter Gray?

Hello,

This is my first letter to this court in this handwriting style. I am here at Niagara County Jail where I was 3 years ago, where I was 2 weeks ago, and I still am today. I cannot believe my ears when I hear that here in a country where someone who did 48 years in prison in Oklahoma, came out innocent last year, and went on tv over the matter, and here in a country where someone who did 20 years in prison for murder out in Chicago, came out innocent last year, and now he's owed a wrongful incarceration check in the millions of dollars, we have things happening up at the Robert H. Jackson U.S. Courthouse in Buffalo like Lawrence Vilardo the so called judge using U.S. District Judge John L. Sinatra Jr's connections to Central Casting from the Frank Sinatra days to use stunt doubles to hold phony court hearings for Peter Grazi the owner of Buffalo's Pharaoh's Strip Club since John Sinatra's maternal half brother Peter Grazi is well known from his Pornhub days. Peter is apparently here at Niagara County Jail too where I was 3 years ago, where I was 2 weeks ago, and I still am today. On a side note, I will be going through Khaled Abughanem's lawyer Gerald Walsh to sue 7 other facilities out there forging paperwork producing mugshots with C.I.D. technology lying about me ever having been incarcerated there. Khaled and Adham Abughanem were convicted in a rushed trial with no evidence conveniently before Trump came back. Anyways, Lawrence Vilardo is denying Peter Grazi his B.O.P. confirmed rights by trying to force a gag order on him. This is no way to treat John Sinatra's maternal half brother

(2)

Peter Grazi, a Buffalo area Blist celebrity.

Is that really Tanny Masterson and R Kelly's stunt doubles sitting in incarceration illegally convicted? Looks like they need to release those stunt doubles and relocate them to Brazil where American criminals don't need to be extradited back if the Trump Dept of Justice calls for it. Minimum wage in Brazil is much lower than China's. Let Beijing have Taiwan so we can make Taiwanese microchips cheaper in Brazil. That will save the Amazon Rainforest from loggers.

I am an active jailhouse lawyer as people pay me in coffee to stop them from being illegally convicted. There is a Chinese guy here from Manhattan named Lin Wei and his English is bad. His lawyer lied to him about me. I hope his lawyer doesn't lie to him and get him deported back to Hong Kong because Lin Wei tells me his green card is fine. His lawyer told him I wanted to work with Hamas. No I did not. So Lin Wei probably has a third rate Chinese to English translator from Buffalo since Chinese is impossible enough as it is. Does 干吗 (ga-mee-ma-cheeng-

cha) truly mean 干吗 "fuck the police"? Or is it Chinese for something else and Lin Wei is lying to us? You guys have a Chinatown down there, not Buffalo. Lin Wei says he still does not know his Buffalo federal judge's name. Worth looking into.

This is my first letter to this U.S. Appeals Court and it is time to talk about me. Nobody truly knows if that was Minnesota defense attorney [REDACTED] [Victim 1] behind that electronic device on 1/24/22 that did this to me, and I could be lying to you about my own guilt for safety reasons due to [REDACTED] & client Benjamin [REDACTED] [Ryan]'s connections to Hamas. We hear in the 2nd circuit look forward to eventually getting over shit here in the nation's lead order of protection case and holding a fundraiser at the Old Library Inn of Olean to make Minnesota's 2021 top defense attorney the U.S. Ambassador

to Denmark in 2029 when the 48th President comes in so that he may have the upper hand over the annexation of Greenland so we can mine for artificial intelligence and aerospace needs. Selling one thousand \$5000 9/2 P. tickets at the Old Library Inn of Olean will raise \$5 million to begin his U.S. Ambassador to Denmark campaign kickoff once John Sinatra's lower ranking dourkebag court lets up on this and finally sentences me to the inevitable time served no more probation. Myself and the 2nd Circuit's most renowned local government embezzlement case former Olean City Councilman Kevin Dougherty will be paying the travel costs for [Victim 1] and 10 people of his choosing to fly into Olean at the Olean Airport to come to their all expenses paid [redacted] [Victim 1] for U.S. Ambassador to Denmark 2029 fundraisers. But again John Sinatra's court likes to leave people in incarceration unsentenced way past their sentencing guidelines maximums for indefinite amounts of time. Last time I saw an attorney here at Niagara County Jail was Alexander Amalone 3 years ago telling me I was at 6 to 12 months for Interstate threats. We are way past that.

Hopefully the 2nd Circuit's most renowned sugar bitch Katie [redacted] of [redacted] N.Y. isn't forging handwriting putting it on her illegal websites. She sold drugs at New York University in 2015 and got arrested over the issue. John Sinatra hired her as a paralegal recently. They both like drugs.
