

① I am currently at Niagara County Jail as I write this to this Appeals Court. John L. Sinatra's U.S. District Court recently removed Katie of NY off the no contact list since she was at this jail physically in the flesh 3 years ago when these circumstances first started. The district court recently completely discredited a UB (University of Buffalo) psychologist named Dr. Leidenfrast who a year ago inaccurately described my psychological state of being. He is going to be sued for medical malpractice based on his testimony alone. I remain unsentenced far past the sentencing guidelines maximum due to the Dept. of Government Efficiency's lack of awareness of my circumstances.

5000 corrections officers fired in NY state for being worthless government employees. Public defenders taking vacation after vacation as I remain very far past the sentencing guidelines maximum over a witness exempt and testimony exempt situation. Monday March 10th I look forward to speaking to private attorneys starting with Gerald Walsh of Buffalo. Lawsuits concerning my HIPAA rights being violated on a website called lukewenke online and a Facebook page called The Luke Wenke Files created by Katie who the court colluded with to hand over my psychological information to, and that is why they took her off the no contact list which I never even signed Aug.-Sept 2023 after my signature was forged. The district court continues to hold me and hold me year after year. Prosecutors continue to recuse themselves.

I live in a country where someone who did 48 years in prison in Oklahoma came out innocent last year and then he gets to go on tv over the matter. I live in a country where someone from Chicago who did 20 years in prison for murder then comes out innocent and now they are entitled to a wrongful incarceration check.

② of 7 digits. Phone conversations March 10th to be had concerning lawsuits
swing over voter suppression in the 2024 elections as there is absolutely
evidence of me asking for an absentee ballot months in advance. Conversations
concerning lawsuits over how to handle my car (2019 Ford Fusion hybrid) which was
repo'd after Katie Frankly drove it without any documented permission from
anybody in my vicinity, including in Pennsylvania where she racked up traffic tickets
in my name while I sat right here at Niagara County Jail way back in 2022.

Speaking of which, we understand it is illegal to pursue a lawsuit if the result
of the lawsuit is vacating the conviction. Who is to say I'm even convicted?
Niagara County Jail is a good high standards facility and they look down on those
poor quality facilities out there such as Cattaraugus County Jail, Orleans County Jail,
Chautauque County Jail, CCA in Youngstown OH, etc. Staff here at Niagara County
Jail recognizes me for 3 years now. At this point it is perfectly possible that
people are out there forging this well documented handwriting style writing letters to
US Appeals Courts all over the Second Circuit trying to find a way out of this.
Former Cattaraugus County Libertarian Chairman Luke Wenke may very well have
a bit too much information on U.S. District Judge John L. Siragusa's maternal half
brother Peter Grazi the owner of Pharaoh's strip club of Buffalo with a major
drugs and sex trafficking case against him. The US Marshals may very well
be sued and go the way of the recently fired 5000 NY state corrections officers if
they are up in Buffalo being forced by John L. Siragusa Jr.'s court to forge paperwork
lying about where Luke Wenke has been transferred these past 3 years. Lawsuits over
the concern of inmates sitting in jail over emails and letters they never sent after

③ Their phones were hacked and handwriting forged, nobody present for the search and seizure of Luke Wenke's home on 1/28/22, sitting in the same facility for 3 years while 7 other incarceration facilities out there are forging documentation claiming Luke Wenke was at their facility when he never stepped foot in any of those 7 other facilities these entire 3 years, his signature was forged on a no contact order from Katie and that is why John Sinatra's court recently removed her from the no contact order, and this very lawsuit discussing the concern that Luke Wenke has not seen John Sinatra's court at all since 2022 as he has been sitting at Niagara County Jail these entire 3 years unsentenced and unconvicted over an email he never sent, this is the lawsuit to be discussed on the phone 3/10/25. Everyone in John Sinatra's court can confirm that Katie has been here to Niagara County Jail, but none of them can confirm what she is forcing Officer Gifford of this facility to do or say. Don't ask Andrew or Krystie of the Buffalo FBI for any information nor the Olean Police, because they all cooperated in a 1/27/22 phone call to lie to Luke Wenke to show up to the Olean Police and corner him to capture him over an email he never even sent. "Come help us with your neighbor" they said to him over that 1/27/22 phone call, concerning Luke Wenke's former neighbor A who, Olean NY police records can confirm, Luke Wenke was responsibly calling police on due to her household's violence, Andrew and Krystie of the Buffalo FBI and the Olean Police can't lie about that 1/27/22 phone where they cooperated to lie. An excellent lawsuit to be pursued here in a country where someone from Oklahoma did 48 years in prison, comes out innocent, and goes on tv over the matter,

④

An excellent lawsuit to be pursued here in a country where someone who did 20 years in prison for murder in Chicago then comes out innocent and is now owed a wrongful incarceration check of 7 digits. An excellent lawsuit to be pursued here in a country where 5000 corrections officers were fired in NY state for being worthless government employees. Are district courts truly forging paperwork concerning what went on in their courtroom? Are the US Marshals being forced to lie about where inmates have been transferred? I'm sure US District Judge John L. Sinatra Jr. doesn't like whatever US District Judge Laurence Vilaro is doing to his maternal half brother Peter Grazi. Word is Laurence Vilaro's defendant Richard Greer's computer and credit card was hacked in a witness exempt testimony exempt search warrant exempt situation to get him where he is today.

How do we Appeal when district courts lie about our circumstances on paper? I know too much on Peter Grazi, so it's possible speaking to me face to face over my situation might force me to lie for safety reasons.

Hopefully nobody is sending Appeals Courts anything with my forged handwriting from incarceration facilities I've never even been to. We need to repeal and replace interstate threats circumstances with public safety dones supervising people driving across the country and contacting any local police office if someone gets too close. I remember being told I was in the 6-12 month sentencing guideline for interstate threats after an elderly magistrate forged paperwork saying I was denied bail. I don't know what these district courts are doing when nobody is watching. Niagara County Jail staff has known me for 3 years now. That's longer than 6-12 months. — Luke Wenke's handwriting
