**CAUTION - EXTERNAL:**

I am very happy to see that New York University educated the previously uneducated Katie [REDACTED] so well that she is now a judge in training as endorsed by this particular court. lukewenke. online is spectacular evidence that Katie [REDACTED] is this court's month after month employee of the month. I look forward to sharing with the US Dept of Justice as well as every last US Appeals Court across the country. I think that they would love to know the circumstances.

It's legally possible that Katie has MY phone hacked and she is sending the court emails right from MY hacked email over to her website which is clearly endorsed by this court.

I have a Christmas present all prepared for a 27 year old human male from North Carolina, but he has to speak to me for the first time in 5 years if he wants me to get the people at the bank to sign off what I worked up for him over to him. He has a sexual fetish for boots and rope and relatives of the owner of Pharaoh's Strip Club would love to know that I am prepared to utilize the forces of the international fetish community to hold an event in his honor I can very much pay for. I have discussed with the owners of that familiar website/app. Boots and rope are not my priority fetishes so I'm not paying for it if he doesn't finally show.

Otherwise I am serious, I'm not sure I will even celebrate Christmas this year. Or ever. Unless that 5 year old dormant volcano is figured out before it erupts again.

I am glad this area's transportation industry is lucrative and robust and ubiquitous enough for me to uphold my promises to buy Anchor Bar for Christmas for anyone on the Buffalo Federal Public Defender's Office's invite list. I will be sure to save a seat for any redheaded associates to the court and the public defender's office who may show up.

Freedom of Speech to say pleasant things to a publicly subsidized federal judge's courtroom as I am a lifelong US citizen who paid property taxes so Katie's parents' NY state retirement checks would be satisfied.

Wow I can't wait to pay the international fetish community to hold an event for a 27 year old North Carolina based boots and rope lover as a Christmas present if he were to finally talk to me like a normal person.

Late 2023, random judge made statement in court "this case is a broken Christmas ornament".

Wow imagine if we said nice things and didn't get all shitty over a 45 month long impersonal encounter.

Alright thank you for reading, sorry we met under sad circumstances, I'm going back to my Skype video call with one of Tom Reed's former female staffers who he raped right before he resigned. Her name is [REDACTED]. I wasn't able to heroically save Brittany from her assailant Tom Reed in early 2022 because I was being held at Niagara County Jail over an email I never

even sent. I'm comforting [REDACTED] over a Skype video call. Wow I'm so politically connected since before Covid. During the first Trump administration when I was county chairman of the Libertarian party, I spent more money on [REDACTED] than I ever did on both Katie AND Elexya [REDACTED]. I remember when Katie got mad that I bought as much as I did for Elexya [REDACTED] from Charleston SC. I would spend more money on Elexya again as it's actually her that I hurt in the end more than anything I ever did to Katie.

Yes Elexya [REDACTED] of Charleston SC. Job 38:31 the Pleiades. Jehovah Witnesses claim Jehovah lives in the Pleiades. Joseph Franklin Rutherford was an American Judge who endorsed this religious concept. Elexya [REDACTED] is an angel of the lord. Katie remembers me spending a lot of money on Elexya [REDACTED].

Anyways back to [REDACTED], [REDACTED] said she looks forward to my Christmas present for the 27 year old male from North Carolina. [REDACTED] apparently used to get paid to step high heeled boots into terrorists' ballsacks over at Pharaoh's strip club. Wow [REDACTED] is great company tonight.

PS Olean Police lied to me over a 1/27/22 phone call.

Wow I got so much done today without any government mandated supervision hovering over me.

Eventually I have to take from Bill Burr's playbook, "You're supposed to have your own meeting over here while they're over there so you make them look at you and say hey what about us". Something like that, it's on YouTube.

Counterman V Colorado 600 US 66

The guy's Facebook was probably hacked.

4.5 years of imprisonment over hacked electronic messages. Wow imagine. I mean yeah we live in a country where someone who did 48 years in prison came out innocent last year.
