Subject: Burn down Buffalo Tesla and rape Elon Musk's buttohole
Date: Monday, December 8, 2025 10:52:59 PM

CAUTION - EXTERNAL:

I have Free Speech. Plus Elon Musk is facing a speech court case in the EU. Says Elon Musk. Plus ever since Counterman V Colorado 600 US 66, nobody can truly tell who farted into Siri and got the AI to act up and text out a bunch of things to a bunch of AI picked randomly selected people.

Go watch the Pixar movie Wall-E. That's what Elon Musk is becoming. He is the real world version of Buy N Large from that Pixar movie.

How easy it is to post "now hiring: firewood stacking" ads all over grocery store bulletin boards with my cell phone number on it, and then I just wind up paying everyone to wreck cars at Buffalo Tesla like it's the 2022 rise in crime all over again.

Anarcho-communism! The incumbent Mayor of Olean [Bill Aiello](#)'s grandnephew Bobby Morgan is an anarcho communist and god only knows what he wants to do to the new Mayor Amy's businesses on behalf of the county government.

Burn down Buffalo Tesla.

The Democratic Party could get into reenacting American war scenes like people who dress up like Civil War soldiers behind public libraries. [January 6th](#) reenactment at Buffalo Tesla, courtesy the Erie County Democratic Party. [Kathy Hochul](#) then breaks the world record for longest clapping on Facebook Live.

[Kathy Hochul](#) would like this. She wants to tax Elon for being a MAGA neckbeard. I'm including her in this email.

[Carl Paladino](#) would like this. He isn't even a billionaire. [Carl](#) is just Elon's drive thru worker. I'm including [Carl](#) in this email.

Erie County DA (clearly) allows people to [violate HIPPA rights](#) and they allow child endangerment on websites Facebook allows. I'm sad to hear that former Niagara County Libertarian Chairman Charlie Flynn's brother John Flynn is no longer at Erie County DA.

Does the new guy fuck with America's ranking paralegal for [Hamas](#) in [\[REDACTED\]](#) [Katie](#) [\[REDACTED\]](#)? I'll include them in this email.

Facebook censored me because they are racist against native americans and they don't allow native american families in [Salamanca](#) to even post the slightest about Black Friday marijuana deals, as I did.

X just censored me for giving a legal entitlement media platform to a US military veteran as all [US Bureau of Prisons](#) inmates are entitled to media attention if they want it. SpaceX is a monopoly, and X is a trust with Truth and Facebook since an incumbent President owns Truth

and he fucks the assholes of the bottom bitch CEOs Elon Musk and Mark Zuckerberg. So X is breaking the law by censoring me. **US Bureau of Prisons** media entitlement laws aren't very cohesive with media monopolies and media trusts.

What is Elon Musk doing for any of us? Nothing. Me and **Carl** Smackaweinier can sit down face to face with each other, but Elon Musk gets a bigger version of Ellicott Development with swastikas in the lobby. Deport Elon. His birth certificate is forged just like Obama's. **ICE officers beating the shit out of Elon Musk would be funny.** It would bring the two parties together and end bipartisan discourse forever more to watch ICE officers handcuff Elon Musk because it turns out Kim Il Sung adopted Elon from a white orphanage. Elon Musk is actually Kim Jong Un's uncle by adoption. Elon Musk gave Kim Jong Un money so Kim Jong Un could kill off the other uncle. Deport Elon back to Pyongyang. Blue Lives Matter over Elon the foreigner. Elon's monopoly money pays for a Mexican wall.

I get to speak like this. Kevin Bartholomew talks to Michael Caputo all the time, so we are working on bringing **Donald Trump** to **Olean** and **Salamanca** in 2027 whether people believe it or not. Plus **Daniel Christmann**; an **Olean** High School 2019 **Libertarian** presidential candidate and then later a **January 6er**, has a US Supreme Court lawyer he is introducing me to who I will include with all other US Supreme Court lawyers I am working with for Luke Wenke & Party VS USA. Plus Jake Lang is out there not shutting up with a giant audience of his own, known him since **Larry Sharpe** 2018. I have a federal felony, I don't want it. It has given me unwelcome legal issues elsewhere and my debt is ridiculous.

I could Pro Se **sue** in the federal courts anywhere in the country. **I could pay suicidal drug addicts from Olean's Genesis House in cash to drive UHauls into Buffalo Tesla.** I could write letters mindlessly to every single US Appeals Court across the country telling them to wake up about social media monopoly and trust law violations taking place.

Or better yet, I could get an international lawyer and take the EU's side. Why is Elon's fine not in the billions of dollars range? 10% of Elon's net worth is \$50 billion, and Jesus is coming back to Mount of Olives of Jerusalem and it's going to be quite an expensive concert. They're aren't even fining him \$200 million. They need to raise it to a \$50 billion fine to protect Europe from **Hamas**.

And nobody has more legal entanglements with **Hamas** than I do as everyone knows by now.

It's legally possible I am having sexual intercourse right now with a red haired employee of John Sinatra's court, and she just picked my phone up right now since I'm sleeping and she is sending this to all of you to cover up the fact that Buffalo FBI is paying her to run **The Luke Wenke Files on Facebook.** Hypocritical rules over censorship are taking place. John Sinatra's court knows all about accidental speech court cases.

I am America's greatest speech crime victim. I have Emma Goldman of WWI beat. I get censored all the time on the social media monopoly and trust.

Marjorie Green Taylor should start a new social media company. She would be a billionaire right away. We could all work for her. She could allow women to show their boobs on social media with no censorship. She would beat Oprah Winfrey's OWN. Marjorie could leave Congress, get a loan from the World Bank with loan references, and women around the world throw their Shariah Law scarves off and flash their tits on Marjorie's new social media

website.

X completely shut me off right as Elon Musk is dealing with a, in his own words, speech court case in the EU. Elon Musk hates US military veterans because he is a foreigner. I don't blame **Donald Trump** for wanting to yell at Elon harder than he yelled at the Ukrainian movie actor Zelenskyy.

I know so many people with Channels 2, 4, and 7, so I will get on this.

@KLukeIQ

Benjamin [REDACTED]'s friend Steven Carrillo was definitely in the right to do this because this is what @realDonaldTrump deep down wants to do to the

officers who raided Mar A Lago, and I would support **Donald Trump** if he personally followed through. [https://\[...\]](https://[...])
