I will be starting this letter to the court by writing the legal defense that this letter could very well have been written by Katie [redacted] from an office at Orleans County Jail. She lied to the [redacted] Police September 2023 and received Matt Zenger's full cooperation over the matter, she had my F.B.I. Discovery before any of my relatives did in 2022 from an unknown mysterious source so she is absolutely liable to have the ability to get my fingerprints from the same source and smudge them all over letters forging my court documented handwriting, and this court has already verified her willingness to send her own letters to the court at the end of 2023. Legal possibilities matter, as do statements in court.

I will start this letter off with positives as opposed to the inevitable Airing Grievances Constitutional rights I will end it with. Thank you to the Robert H. Jackson United States Courthouse family and friends Club for sending me the packet here explaining many more court procedures in full detail. There are plenty more things to pursue in court than just criminal matters. This court knows my mother is infertile, we have known since 2017 through an Ancestry D.N.A. test. In 2019 we met [redacted] at a Buffalo Polish restaurant; she is both my mother's sister and aunt. [redacted] is my mother's biological mother who gave her up to Catholic Charities in 1972. My mother was born in Larkawanna. She has not yet met [redacted] face to face. I am convinced she won't until there is a court agreement saying we won't take any of [redacted]'s side's inheritance. My mother Janet McEaul had a closed adoption. Freedom Of Information Act did not exist in 1972, let alone Ancestry D.N.A. tests. [redacted]'s father who raped her and impregnated her has since died, so no prosecution against him is possible. Does this court have the ability to crackdown on my mother's birth records?

Rewinding back to September 2020 to a time when I was appalled at the idea of a conspiracy entrapment on a U.S. citizen during a time of national crisis. Look what's going on in the world in 2024. The United States is hardly a global factor. The more people we have on a terrorist watchlist, the less allies we have. It probably takes a Freedom To Assemble court ruling to get Muslim Americans to legally deal with Hamas officials in a supervised setting, let alone ever having a chance of overturning conspiracy entrapments from the awful 2020s decade. Very similar circumstances to Rochester native Emma Goldman's World War One overturn. Does this court want to sit back and watch U.S. citizens pit against each other for yet another year? Or would we prefer happier productive pursuits such as getting my U.S. citizen stepmother [REDACTED] and her Moroccan citizen mother "Meema" contracted into an agreement in the courtroom to translate Arabic over to English on behalf of these necessary causes? Nobody gets a 15 year plea deal for getting physical in a bar room, so I am going back in my mind to Khaled Abughanem's family simply needing money during Covid. International family court agreements with payments included can be a thing, especially since I see that A.M.L.O. President in Mexico is saying the border gets protected once we tone down our ego and pay Mexico money.

Samford Church is the only county judge in Orleans County. County judges can't do civil, family, and criminal all at once. Equal Protection Under The Law, seems like there should be three judges and three magistrates per federal court district for similar reasons. Conflicts of interest are a bitch.

my mother and Jeff Bish's new Salamanca 1980s restaurant on Broad St, a few months ago. Reasonable suspicion to believe there is lots of phone call eavesdropping going on before telling Katie [redacted] everything. Don't let Katie abuse her Yelp review author credibility by maliciously tanking that restaurant's ratings. Audit her Yelp profile, too.

Imagine if I were to sue [redacted] out of this situation. He has a \$1 million house and a lofty private firm. Andrew and Krystie want to lecture me at the Buffalo F.B.I. January 2022 that he makes a living? I don't give a shit, I am the victim at this point. What the fuck happened to the [redacted]? Did [redacted]'s Chinese accordion fan fall apart while she stared at a picture of me in leather with a ball gag for too long? I came in peace July 2021 when I went out there to meet [redacted] the same way I would any credit union employee. [redacted] is a Harvard Ivy League douchebag wearing a newsboy cap and tucking his polo into his white jeans hiked up so fucking high fart noises can't even make it out of his ass while he pays his golf caddy in Chuck E. Cheese tokens. Glad I got this legal packet from the Robert H. Jackson United States Courthouse family and friends club, maybe I should sue him on grounds of bribing Andrew and Krystie to do this to me so he could get his client sentenced in silence to less time. Oh someone in the grand jury that never happened knows [redacted] from the martini parties. I don't know him. He can't even show his face on his fake Recon profiles.

Writing this in real time and toning down the Claims Grievances rights. Legal possibility is absolutely there that Katie [redacted] is behind this here cursive handwriting smudging Luke Wenke's Orleans County Jail fingerprints all over this letter while having yet another homechecking affair with whichever corrections officer watches the security camera to screens. Hey look, it's Luke Wenke handing Khaled Abughanem's son "Wally" a note during rec. on the rooftop. Luke went outside today and got fresh today so all that Lake Ontario sea air is toning down Luke's grouchiness from this morning. Reasonable suspicion to believe that Katie [redacted] absolutely

has access to Orleans County jail security equipment since Orleans Officer Pavlock cooperated with Katie in 2023 covering for her fake burner number texting Luke all kinds of lies right after she knew enough to steal Luke's Spirit Science tarot card deck and selenite crystals from Luke's house August 2023 after someone from reasonably suspected to be the probation office or David Rudroff's prosecutor cubicle told Katie about Luke's Chautauque County phone calls. Don't count out any letters coming out of Orleans County jail professing to be Luke Wenke actually being from Orleans County jail. The only reason ^{she} got a job with [REDACTED] in 2020 was probably because she was being mosey about everything Luke said about Benjamin [REDACTED] at Katie's [REDACTED] house at the end of 2020 before Luke gave her her crockpot back at a park in Salamanca.

Speaking of everyone hearing "my" (Luke Wenke's) Chautauque County jail phone calls, is that Luke Wenke's voice on the Orleans County jail phone saying he's going to pay his inbred mother back by making her a Salamanca hotel owner by 2030? Yes it is. This court will help address Katie's 2014 Brooklyn apartment affection for M.D. M.A. by enriching a native american construction company to build that Salamanca hotel building and then taking their proceeds and building a Katie [REDACTED] 2014 Brooklyn Apartment M.D. M.A. Kiosk right by the Seneca Allegheny Casino. Gonna sign that presumptive hotel's ownership in a federal courtroom near us through a U.S. Dept. of Commerce loan as well as inheritance agreements with her biological mother [REDACTED] Buffalo area family. [REDACTED] used to work at Broadway Market, go audit them next.

Reasonable suspicion to believe [redacted] is reasonably suspected employee Katie [redacted] has courtroom and/or Orleans County Jail inside access to Luke's recent phone call with Salamanca Planning Board member Michael Crick. Is Katie out there watching Kevin Dougherty of Olean's Life 22 internet show with Kevin reading all those letters claiming to be from Luke? What are we going to do with Kevin and Michael? Subpoena them? Or casually invite them up to Buffalo to discuss Luke's lack of violence as well as getting U.S. Dept. of Transportation help establishing public transportation in between Salamanca and Olean? Katie stole my selenite crystals and spirit science tarot card deck August 2023 so I am sure she is ready to hear Michael Crick's Lilydale N.Y. credentialed wisdom telling Katie which sugar sponsor from the past will remove her from the budget first and Kevin's Israel flag helping get that Olean house I promised her over letter to the court.

It initiates my triggered bittard senses when Frank Passafiume doesn't answer the phone. He literally never answers the phone. Where is he? This is a statement in court over letter we gotta ask. Hopefully Katie isn't slamming down the phone on him still out there.

Enough about the Abughanem family's international family court situation, let's talk about Michael Regan. He told me he was in Pod 3 at Niagara County Jail back when I was in Pod 2. He told me he thinks Jonda Dawn Kublak rooted for the worst for him. Michael Regan told me the 14 year old egged him on, not the other way around. Michael Regan told me he wants to take his stuff to trial after I bought him stamps, envelopes, and paper. Take that witch sticky note tidbit and do

The Orleans County, Vermont Court [redacted] has gotten deal with this County's DA prostituting herself out from home. She got someone in this jail with tattoos on his face in here for assault, so there's someone in here who also knows her, [redacted] has made national news before, Daniel Christmann remembers my 2020 video with [redacted]. She kept all the money.

whatever you want with it down at the Robert H. Jackson United States Courthouse family and friends club.

My first cousin twice removed [redacted] (friends with Carl Paladino) was 56 back when he was with a 15 year old [redacted]. Now they are 71 and 30 and still together at [redacted] in Portville. [redacted] hired his own federal lawyer September 2023 after I sent him a letter too. Search [redacted]'s Facebook Message history back to 2015 using your Andrew and Krystie Spy Kids technology. [redacted] and Katie had an internet fling. [redacted] went back to [redacted] afterwards. [redacted] and [redacted] are just Michael Regan and the 14 year old. We can buy property at 14 years old and marry at 14 years old with court approval in New York State. I wonder if Brett [redacted] would have let me marry his 14 year old son Benjamin [redacted] back in the Gary Johnson 2012 days when I was a 20 year old substitute teacher?

Benjamin [redacted]'s former live in mistress Elena [redacted] went to jail in South Carolina in 2023. Go look up her father Ralph [redacted]'s 2010s prostitution ring crackdown. I am also sending Kamala Harris a letter over the matter to the Naval Observatory. Democrats are on a need to know basis over Ralph [redacted] so go to the Naval Observatory and read what I said.

Getting sick of making statements to the court over letter from jail and then denying that I even wrote them due to Katie [redacted]'s past catching up to itself. Tell Frank Passafiume to answer the phone

Jesus stopped and ordered the man to be brought to him. [LUKE 18:40]

WHEN JESUS STOPS

For days, the sickly cat cried, huddled in a box near my workplace. Abandoned on the street, the feline went unnoticed by many who passed it by—until Jun came along. The street sweeper carried the animal home, where he lived with two dogs, which were former strays.

“I care for them because they’re the creatures no one notices,” Jun said. “I see myself in them. No one notices a street sweeper, after all.”

As Jesus walked toward Jericho on His way to Jerusalem, a blind man sat begging by the roadside. He felt unnoticed too. And on this day especially—when a crowd was passing through and all eyes were focused on Christ—no one stopped to help the beggar.

No one except Jesus. In the midst of the clamoring crowd, He heard the forgotten man’s cry. “What do you want me to do for you?” Christ asked, and He received the heartfelt reply, “Lord, I want to see.” Then Jesus said, “Receive your sight; your faith has healed you” (LUKE 18:41-42).

Do we feel unnoticed at times? Are our cries drowned out by people who seem to matter more than us? Our Savior notices those the world doesn’t care to notice. Call to Him for help! While others may pass us by, He’ll stop for us.

KAREN HUANG

How would knowing that Jesus sees you change how you view yourself and your life? Who are those around you who might need to be noticed, and how can you “stop” to encourage them with the Savior’s love?

Dear Jesus, thank You for hearing me when I call to You. Like the blind man who received his sight, help me to follow and praise You all my life.

Blessed are those who... walk in the light of your presence, LORD. [PSALM 89:15]

SHADOW AND GOD’S LIGHT

When Elaine was diagnosed with advanced cancer, she and her husband, Chuck, knew it wouldn’t be long until she’d be with Jesus. Both of them treasured the promise of Psalm 23 that God would be with them as they journeyed through the deepest and most difficult valley of their fifty-four years together. They took hope in the fact that Elaine was ready to meet Jesus, having placed her faith in Him decades before.

At his wife’s memorial service, Chuck shared that he was *still* traveling “through the valley of the shadow of death” (PSALM 23:4 NKJV). His wife’s life in heaven had already begun. But the “shadow of death” was still with him and with others who’d greatly loved Elaine.

As we travel through the valley of shadows, where can we find our source of light? The apostle John declares that “God is light; in him there is no darkness at all” (1 JOHN 1:5). And in John 8:12, Jesus proclaimed: “I am the light of the world. Whoever follows me will never walk in darkness, but will have the light of life.”

As believers in Jesus, we “walk in the light of [His] presence” (PSALM 89:15). Our God has promised to be with us and to be our source of light even when we travel through the darkest of shadows.

CINDY HESS KASPER

**What valley have you been walking through?
Which of God’s promises provide light for your journey?**

Loving God, thank You for Your promise to never leave me. I trust You to be my strength, my provision, and my joy throughout my life.

The LORD your God will be with you wherever you go. [JOSHUA 1:9]

GOD'S COMFORTING COMMITMENT

Years ago, our family visited Four Corners, the only place in the United States where four states meet at one location. My husband stood in the section marked Arizona. Our oldest son, A.J., hopped into Utah. Our youngest son, Xavier, held my hand as we stepped into Colorado. When I scooted into New Mexico, Xavier said, "Mom, I can't believe you left me in Colorado!" We were together *and* apart as our laughter was heard in four different states. Now that our grown sons have left home, I have a deeper appreciation of God's promise to be near *all* His people wherever they go.

After Moses died, God called Joshua into leadership and guaranteed His presence as He expanded the Israelite's territory (JOSHUA 1:1-4). God said, "As I was with Moses, so I will be with you; I will never leave you nor forsake you" (v. 5). Knowing that Joshua would struggle with doubt and fear as the new leader of His people, God built a foundation of hope on these words: "Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the LORD your God will be with you wherever you go" (v. 9).

No matter where God leads us or our loved ones, even through difficult times, His most comforting commitment assures us that He's *always* present.

**How has God recently comforted you with His constant presence?
How does His commitment to be present help when you're far from loved ones?**

Ever-present God, thank You for comforting me with the promise of Your constant presence.

I lie down and sleep; I wake again, because the LORD sustains me. [PSALM 3:5]

SWEET SLEEP

Bad memories and accusing messages flooded Sal's mind. Sleep eluded him as fear filled his heart and sweat covered his skin. It was the night before his baptism, and he couldn't stop the onslaught of dark thoughts. Sal had received salvation in Jesus and knew that his sins had been forgiven, but the spiritual battle continued. It's then that his wife took his hand and prayed for him. Moments later, peace replaced the fear in Sal's heart. He got up and wrote the words he would share prior to being baptized—something he hadn't been able to do. After that, he experienced sweet sleep.

King David also knew what a restless night felt like. Fleeing from his son Absalom who wanted to steal his throne (2 SAMUEL 15-17), he knew that "tens of thousands [assailed him] on every side" (PSALM 3:6). David moaned, "How many are my foes!" (v. 1). Though fear and doubt could have won out, he called out to God, his "shield" (v. 3). Later, he found that he could "lie down and sleep . . . because the LORD sustains [him]" (v. 5).

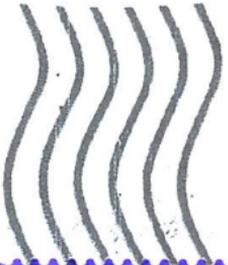

When fears and struggles grip our mind and rest is replaced by restlessness, hope is found as we pray to God. While we might not experience immediate sweet sleep as Sal and David did, "in peace [we can] lie down and . . . dwell in safety" (4:8). For God is with us and He'll be our rest.

TOM FELTEN

**What things are weighing on your heart and mind?
What will it mean for you to truly surrender them to God through prayer?**

Dear God, thank You for providing hope and peace as I lift my prayers to You.
