

1

Hello,

Thank you for taking the time to review my Pro Se court papers submission. The Sergeant here told me to have Kelly Newton from commissary sign the papers proving the \$405 you need is there, and that she did. Kelly included other paperwork for you. I am sending in this fifth envelope. My mother Janet McCaul of Salamanca NY called you at [REDACTED] a few weeks ago. There is a \$250 per 10 days maximum submission on our accounts here, otherwise I would have had these filed sooner. I can't call 585-613-4000, your phone number, from the jail phones otherwise I would have. Hopefully I filled everything out correctly.

I will not ramble too much, but I feel as though a brief hello is needed. I was Cattaraugus County Libertarian Chairman before Covid, and my maternal grandmother was Carrollton NY Justice of the Peace Carolyn Giardini. Families of judges should not be facing judges in their own country unless there's a major sociology issue taking place. If you do your research, you may find that the federal judge who is related to Buffalo's Peter Gerace of Pharaoh's likely agrees. Wenke v. Wenke was overturned by the NY Supreme Court late 1995, as it was my own relatives laying the foundation for NY state grandparents' rights. I have an attorney out in Massachusetts waiting to be paid to take all of my circumstances to the US Supreme Court, and his payment should come his way in no more than a few months. The 2nd Circuit of US Appeals is also aware of my circumstances.

All of my claims in the Pro Se application are true, and I hope

2

that the US Marshals can serve papers to Andrew and Katie as soon as possible, The Robert H Jackson US Courthouse cannot ~~be~~ play hot potato with me forever the way they recently did. Victoria Bahl and Karen Francanti agree.

The \$405 is on my account here at Monroe County Jail, and I will be looking everyday to see when you subtract it for your court fee needs. Her name is Janet McCaul (my mother who called you and helped with the finances) and her number is [REDACTED]. She is with Chris Spocum, he is an employee of Casa Trinity halfway house outside Olean NY, and he can provide any in person help that may be needed as this moves along.

Thank you for the help,

- Luke Wenke
